Meg
Benjamin
Romance on Wry

“Old school contemporary
romance with modern lingo and
hot sex” –Ciar Cullen, author,
Mayan Secrets

What they're saying about

Meg Benjamin

I will absolutely pick up another book by
Meg Benjamin! And I wouldn't mind if
it takes place in Konigsburg (hint hint).

Loved this book.

–Ciar Cullen, author, *Mayan Secrets*.

What a fast funny and flirtatious story
this is. Right from page one the enter-
tainment begins, whether it is women
drooling over a handsome vet or a poor
Chihuahua cowering from a mean
master. Ms. Benjamin has written a true
romantic comedy. One that can easily be
seen transferred to the screen.

(Four Cups)

–Matilda, *Coffee Time Romance and
More*

A new to me author, Meg Benjamin has
certainly made me sit up and take a sec-
ond look with this wonderful read.

–Romance Junkies

The protagonists and secondary charac-
ters are engaging and fully developed.
This is an enjoyable novel that will hold
the reader's interest.

–Keitha Hart, *Romantic Times*
